THE 1951 OWL TEAM

Lettermen: 16.

Lettermen Lost: 14.

Top Performers: Bill Howton, end; Sonny Mc-Curry, end; Teddy Riggs, halfback; Don Rhoden, center; Gene Silver, halfback; Billy Burkhalter, halfback; Ted Watson, tackle; Horton Nesrsta, halfback.

Captains: Billy Burkhalter, Bill Howton, Glenn Walls.

WHO'S WHO

Athletic Director: Jess Neely.

Head Coach: Jess Neely.

Assistant Coaches: Joe Davis, Southwestern of

Memphis '28; Cecil Grigg, Dallas U. '17; Red Bale, Rice '36; Charles Moore, Rice '38; Dell Morgan, Austin College '26; Emmett Brunson, Rice '29.

Trainer:s Eddie Wojecki, Louisiana Tech '36.

GENERAL INFORMATION Colors: Blue and Gray. Nickname: Owls. Location: Houston, Texas. Enrollment: 1,500 (co-educational). Band: 80 men. **TODAY'S GAME**

This afternoon's battle between the T. C. U. Horned Frogs and the Rice Owls has deevloped into more of the most important in the wild scramble for the Southwest Conference title in the 1951 season. For today's victor will hold a clear edge over any opponent in the race and will be favored to take the title and go to the Cotton Bowl.

Of course, several other teams still have a crack at the title, notably the Baylor Bears who are only a half game behind the Frogs and Owls. However, there's no question but that today's scrap in Amon Carter Stadium will go far toward deciding the champion.

The Owls are really the surprise team of the season. Coach Jess Neely started the season with a crop of sophomores and a few seniors. From the start, the Owls were rugged and their whopping victories over S. M. U. and Texas A. & M. plus a 6-0 victory over Arkansas has given them a 3-1 record in the title race. Their only loss was to Texas by 14-6.

At the same time, the Frogs have been almost as surprising by their up-and-down ways. They lave lost four games but three of them were outside the circuit. They defeated Arkansas, A. & M. and Baylor in a row to take the loop lead but last week they fell before Texas, 32-21.

So today's game will eliminate one or the other of the year's surprise clubs. Rice was picked last in the preseason polls. T. C. U. was named for fourth spot.

A high scoring game may result. The Frogs have played them almost every Saturday. They have counted 13 or more points in every game they have played and have marked up a total of 164 in eight scraps. That's an average of 20.5 points per game. At the same time, they have allowed 155 points or just over 19 a game.

Rice has a rugged running game from T formation with Dan Drake, a soph from Fort Worth, as the trigger man. With Teddy Riggs, Billy Burkhalter and big Kosse Johnson running the ball, the club eats up miles of yardage. At the same time, Drake is deadly with his passes to Ends Bill Howton and Sonny McCurry.

The Frogs will again operate from their spread and double-wing formations. Ray McKown, the sensational soph, will be at tailback at the start and with the help of Bobby Jack Floyd, the blasting fullback who did so much to defeat Rice last year, should pick up yardage. McKown is also a top passer.

Two other famed tailbacks, Malvin Fowler and Gilbert Bartosh, are also ready for duty with the Purple.

A crowd of around 30,000 is due to watch the crucial struggle.

Today's meeting is the 30th between the two teams since 1914. Over the long series, the Frogs hold the edge with 16 victories against 10 for Rice. Three games were tied.

In Houston last year, the Frogs won 26-14 and ran up more than 500 yards from scrimmage.

The series record:

THE 1951 HORNED FROG TEAM

Captains: Because of the uncertainty of military status, game captains will be used this year. Lettermen: 21.

Remainder of Squad: Includes 13 squadmen from the 1950 varsity, 24 up from 1950 freshman team and 2 transfers.

WHO'S WHO

Athletic Director: L. R. ("Dutch") Meyer, TCU '22.

Head Coach: L. R. ("Dutch") Meyer, TCU '22.

Business Manager: Amos Melton, TCU '28.

Assistant Coaches: Othol ("Abe") Martin, TCU '32; Allison White, TCU '40; Byron ("Buster") Brannon, TCU '35; Mack ("Poss") Clark, TCU '29; Walter Roach, TCU '37; and Bruce Craig, TCU '50.

Trainer: Elmer Brown, North Texas.

Equipment Manager: Albert Smith.

Publicity Director: Amos Melton, TCU '28.

Faculty Athletic Representative: Dr. Henry Hardt, Southwestern '22.

GENERAL INFORMATION

Colors: Purple and White.

Nickname: Horned Frogs.

Enrollment: Approximately 5,000.

Location: Fort Worth, Texas.

1950 Football Record: Won 5, lost 5, for an average of .500. Finished the Southwest Conference with 3 won, 3 lost, for an average of .500, and a tie for third with Texas A&M.

LEO R. (DUTCH) MEYER Head Coach and Athletic Director

M

Dutch Meyer's career at TCU parallels the school's "modern era" in athletics. The rugged little veteran has held almost every position on the Purple staff and the 1951 season will be his 28th as tutor of Christian teams. It will also be his 18th year as head coach, making him dean of the Southwest Conference active field commanders. As undergraduate and coach, Meyer has been associated with the school almost continuously since 1917.

In the fall of 1923, Meyer was named TCU freshman football coach. He held the position for 11 seasons, compiling one of the finest won-lost records in football. His teams won 29 games, lost only 4 and played 2 ties. In 1927, he also assumed the duties as head baseball coach.

When the late Francis Schmidt left TCU for Ohio State in 1934, Meyer was named skipper of the Frog varsity teams. He's been on the job ever since and has filled in as basketball coach and baseball skipper from time to time. He assumed the additional duties of athletic director in 1950.

Two Meyer-coached teams have won Southwest Conference titles—in 1938 and 1944. His teams of 1935 and 1936 ranked in the first five nationally and that of 1938, considered by many as one of the best in Conference history, rated No. 1. Six times Meyer teams have taken part in Bowl games (for complete records on Bowl games and upsets, See Frog Football History, page —).

Meyer has become famous for his overhead attack. In the 1930's, he was blessed with two great tossers in Sammy Baugh and David O'Brien. While working with them, he did much to develop "passing patterns" which are now standard all over the country. More recently, Dutch has been experimenting with a "wide open" game and the Meyer Spread has gained national attention. This setup scatters the offense across much of the field, makes for fine passing maneuvers and angle blocking on runs.

In 1949 Meyer was elected president of the National Coaches' Association. He is well known in coaching circles all over the land.

I. to r.-Buster Brannon, Walter Roach, Head Coach Dutch Meyer, Abe Martin, Allie White

T. C. U. COACHING STAFF

OTHOL (ABE) MARTIN, Chief Assistant Coach:

Right-hand man for Coach Meyer, Abe Martin is tutor of the Frog ends, chief contractor of material and general trouble shooter on the Purple staff. From Jacksboro, the home of many famed Frog athletes of the past, Abe played end for three years during the regime of the late Francis Schmidt. He graduated in 1932 and took an M. A. degree in 1945. Martin made an outstanding record as a high school coach. His team won eight district championships in nine seasons from 1934 to 1944. At El Paso High he won the sector title one year. At Lufkin High, six of his seven teams fought their way into the State playoff and that of 1942 reached the State's semifinals. At Fort Worth's Paschal High in 1944, Abe's club won the district title. He returned to TCU in February of 1945. Tall, affable and understanding, Abe has a "real way" with boys of all ages. He is married and has one son, 15.

ALLISON WHITE, Line Coach: Allie White is starting his second season as tutor of the Frog forwards. The big, handsome White was a star tackle of TCU's unbeaten team of 1938. Before that, he was twice All-State at Fort Worth's Masonic Home. After graduation, Allie coached at San Benito High in 1940, at Fort Worth's North Side in 1941, and after service as a Naval officer during World War II, he coached the lines at Lehigh University from 1946 to 1948. In 1949 he served as freshman coach at Texas Tech before returning to TCU. Allie is married, has no children.

WALTER ROACH, Freshman Coach and Scout:

As Sam Baugh's ace receiver in 1934-1936, Walter was one of the top ends in Frog history. He is one of two TCU players who won All-Conference honors during the three years of varsity eligibility. Besides coaching the Wog football teams, Walter is also chief scout for the varsity and head skipper of the Frog baseball teams. A graduate of Fort Worth's Poly High, Roach won eight varsity letters as a Frog in football, baseball and basketball. He was captain of the 1936 Frog team that won the Cotton Bowl game. During World War II, Walter served as a Naval officer. He is married and has a son and daughter.

BYRON S. (BUSTER) BRANNON, Assistant Coach

and Scout: Brannon is well known in the nations basketball circles. Besides scouting'in'football, he skippers the Frog court teams and his club of 1950-51 tied for the Southwest Conference cham-(Continued on Page Eight)

pionship. Brannon was a cage and grid star at TCU from 1930-1933 under Francis Schmidt. He was a left-handed passing quarterback in football and an All-Conference guard in basketball. After graduation, he coached high school teams for five seasons before becoming cage tutor at Rice Institute. His Owls won the conference title in 1940 and 1942. After service as a Naval officer 1942-1945, Brannon became football assistant at the University of Florida for two years. He returned to TCU in the spring of 1948. Brannon is married and has one son.

AMOS MELTON, Business Manager of Athletics, Director Sports Publicity: Melton returned to TCU to assume the combined job of business manager and sports publicity director in the spring of 1950. A graduate of Fort Worth's North Side High, he played guard and center at TCU under Matty Bell 1925-1927. After graduation, he became a member of the sports staff of the Fort Worth Star-Telegram, serving 20 years. He became sports editor of the Fort Worth Press in 1949, serving in that capacity until he returned to the University. During World War II, he was a major in the Air Forces Intelligence and served two years with the Office of Strategic Services in China. Melton is married and has one daughter, 15.

MACK (POSS) CLARK, Assistant Business Manager, Track Coach: A graduate of Fort Worth's North Side High, Clark is the oldest member of a famed TCU athletic family. Brothers Herman and N. L. were Frog quarterbacks in the 1920's. Mack earned two letters in track and soon after graduating in 1929, joined the Frog staff. In addition to his duties as assistant business manager, Mack is coach of the Frog track teams. During World War II, he was a captain in the Air Forces and saw extended duty in the South Pacific. He is married and has three sons.

ELMER BROWN, Trainer: A new member of the TCU staff, Elmer will be the school's first fulltime athletic trainer. He assumed his duties Sept. 1. With twin brother Delmer (now trainer for Baylor University), Elmer made up one of the most famous teams of track twins in Texas history. At North Texas State College in the early 1930's, the Browns were standouts in the nation's top relay events and established several records that stand to this day. After graduating with an M. A. degree, Elmer coached track in several high schools, notably at Laredo. For the past six years, he was trainer from Midwestern University at Wichita Falls. He took a M. A. degree in 1944 at North Texas. A high-rated physical therapist, Brown is a welcome addition to the Purple staff. He is married and has two daughters.

ALBERT SMITH, Equipment Manager: A veteran of 23 years on the TCU staff, "Smitty" will carry on as custodian of the stadium and manager of all athletic equipment. For years, he has served in many capacities, including trainer. Smitty is affectionately known to all modern generations of TCU athletes.

BRUCE CRAIG, Assistant and Freshman Basketball Coach: Craig is another new addition to the Frog staff. The former cager handled the Wog court team as a student assistant in 1950-1951 and became a full-time coach after graduation in June of 1951.

BUILDING SCIENCE BUILDS A SCIENCE BUILDING

T. C. U.'s NEW \$1,500,000 SCIENCE BUILDING NOW UNDER CONSTRUCTION

LIKE THE SCIENCE OF FOOTBALL—the science of constructing a \$1.5 million Science Building on the campus requires a heap of planning, a dependable quarterback and close teamwork. All of the building crafts must be ingeniously coordinated ... from the excavator-to-roofer-to-water boy. And like football, time is limited ... each minute places us closer to victory!

> After the game - see this Science Building now being groomed for its place on "The Campus of Tomorrow."

T. C. U.'s Administrative Committee, Dean Moore, President Sadler, Dr. Wright (L. to R.).

TEXAS CHRISTIAN UNIVERSITY

Texas Christian University is a co-educational church school, stressing liberal arts and sciences, fine arts, business administration and religion. It is located in the southwestern section of Fort Worth, Texas,

TCU is the largest of 17 colleges and universities operated by the Christian Church (Disciples of Christ). Others include Butler at Indianapolis; Drake at Des Moines and Phillips at Enid, Okla. However, TCU carefully avoids denominationalism. Last year, its students represented 37 sects and students of two other denominations outnumbered the Disciples on the campus.

For the 1950-1951 school year, enrollment totaled nearly 5,000, including the Evening College. Enrollment for the 1951-1952 year is expected to be approximately the same.

TCU was founded in 1873 as Add-Ran College in Thorp Springs, Texas, a small community west of Fort Worth. Addison and Randolph Clark, two of the state's pioneers of education, established the institution. It was moved to Waco in 1895 and the name changed to Texas Christian University in 1902.

The school was moved to Fort Worth in 1910 after a disastrous fire, and to its present site in 1911. TCU is the oldest college or university in West Texas and the fifth oldest in the state.

A huge \$10,000,000 building program is under way and scheduled for completion in 1953. Three new dormitories and a new \$1,500,000 science building is now near completion.

TCU is composed of eight colleges and schools: Undergraduate majors are offered in 55 fields and graduate work leading to Master's degrees is available in many of them, Add-Ran College of Arts and Sciences, the School of Fine Arts, the School of Business, Brite College of the Bible, the Graduate School, Harris College of Nursing, the School of Education and the Evening College.

The Administration is headed by Dr. M. E. Sadler who became president in 1941. During his

TEXAS CHRISTIAN UNIVERSITY-(Cont'd)

tenure, the University has been reorganized into its present schools and colleges, the present building program planned and started, the student body increased from around 2,000 to its present enrollment. Other members of the administrative committee are Dr. Jerome Moore, dean of Add-Ran College; and L. C. Wright, business manager, who was a Frog football captain in 1907 and 1909.

The University has accumulated approximately \$5,000,000 in productive endowment. The major portion of this was made available through the magnificent gift of Mrs. Mary Couts Burnett, which gift is now appraised at \$3,333,245.59. The rest through the generous gifts and bequests of friends. The General Education Board substantially assisted in building up the endowment resources by giving.

In addition to the income from these endowment resources, Texas Christian University needs the fullest possible cooperation on the part of churches related to it, and the support of individuals who are willing to contribute to this worthy cause on an annual sustaining basis, just as they contribute to other worthy causes annually.

The University's Board of Trustees' Athletic Committee is composed of Dan D. Rogers, chairman; Milton Daniel, Ralph Shank, Sidney Latham and Lewey Lawrence.

The Faculty Athletic Committee of TCU include Dr. Henry Hardt, chairman; Miss Eula Lee Carter, Dr. Willis G. Gewatt, Mr. Frank Woodall Gogan, Dr. Herbert R. Mundhenke, Mr. Thomas Prouse, Mr. L. C. Wright, Mr. B. A. Crouch, Mr. Leo R. ("Dutch") Meyer, Miss Maybelle Tinkle and student, Bill Coldren. In keeping with the democratic way of organization the faculty allows one student representative on each committee.

The desire of the University is to become not a big school, but an excellent school. Emphasis is placed on quality rather than quantity. It is the purpose of the Institution to provide the kind of informed, thoughtful, and constructive persons demanded in the maintenance and enrichment of democracy. Realizing the interdependence of nations in the modern world, the University accepts as a major responsibility the development of constructive world-mindedness among all its students.

Texas Christian University believes that the best education for democracy is truly democratic education. Hence, the school is operated not by the Board of Trustees alone, nor by the administration, faculty or students alone, but by all these groups working in collaboration and cooperation.

Deans Smith, Snodgrass, McCorkle, Harris, Sowell, DeGroot, Richardson, Holsapple (L. to R.).

Dallas

Bartosh, a strong, stocky blond lad

Gilbert is actually in his fourth year at T. C. U. After a great career at Granger High (he led the State's high school scorers in 1947), Gil had a fine freshman year at T. C. U. in 1948. He did not compete in 1949 but early in 1950, he took over as the Purple regular quarterback.

Despite the knee injury that kept games, he took part in 321 playsgained 862 yards net for an average of 4.1 yards per try. But he really blossomed as a passer.

FROG SIEGE GUNS

The two "middle men" of the T. C. U. attack this fall are juniors. They are Gilbert Bartosh of Granger and gallopin' Bobby Jack Floyd of Paris. At quarterback and fullback, respectively, they are key figures in Coach Dutch Meyer's attack from spread and double-wing formations.

of Bohemian extraction, follows the Frog tradition for quarterbacks. He can run, pass, call plays and punt when called upon. His record as a sopho-more in 1950 indicates he'll pile up some of the best records ever made at T. C. U. providing his "bad" leg, which underwent an operation for removal of a broken cartilage last winter, stands up.

him out of one game completely, Bartosh compiled a great record. In nine more than 100 more than any other player in the Southwest Conference. He carried the ball 171 times and

BARTOSH OVER ROTE AND CO. 27-13

GILBERT BARTOSH Trigger Man for Frog Offense

Bartosh hurled 150 passes in 1950. Of these, 77 found their targets for 1,023 yards. That gave Bartosh a .513 average and the 77 completions gave him a tie with Texas' famed Bobby Lane for ninth place in the Conference's list of all-time great passers.

His 1,733 total yards-or 5.4 paces every time he handled the ball-made Bartosh the leading total offensive performer in the Conference in 1950 and left him fourth in the entire U.S.

Should the Bartosh knee stand up this season, he may write some new records into the books. He is a member of the Naval Reserve and has been active for three years.

Working as the No. 2 man in the Frog attack, Floyd may be one of the season's top performers. The rugged and fast 200-pounder was a star at Paris High and spent a year at Paris Junior College. He attracted wide attention in 1949 at T. C. U. when, as an "Ineligible," he gave the varsity a fit in scrimmage.

After a slow start in 1950, Bobby Jack really went to town in the late games. Against Rice, for instance, he piled up 155 yards from scrimmage and scored four touchdowns. He was just as good in the finale against S. M. U. The Frogs won both games handily.

Floyd scored 48 points in 1950 to lead the Frogs in scoring. He is likely to repeat as the top pointmaker this season.

BOBBY JACK FLOYD Scoring Threat

Floyd is a member of the Marine Corps Reserve. He is being trained to be a platoon leader and spent six weeks with the Marines in California during the past summer.

SUMMARIZING THE 1951 HORNED FROGS

TCU's 1951 football squad numbers 60 men; 4 quarterbacks, 11 halfbacks, 8 fullbacks, 11 ends, 11 tackles, 11 guards and 4 centers. The tentative starting team on offense will average about 192 pounds—194 in the line and 184 in the back field. The defensive team will average about 195¹/₂ pounds.

There are 21 lettermen returning, who, among them have earned a total of 29 monograms. Contrast this with 40 letter winners of last year and the '51 team is "green." This is especially true at the tackle positions where shifts have been found necessary to strengthen them. All other positions are about evenly distributed with lettermen and these are backed by up and coming Sophomores and last year's "cripples." The use of the offense and defense team system spreads the experience pretty thin and the new comers like Danny Powell, Fowler and Evans may find themselves in key positions.

On the whole, the Frogs will be a bit heavier and with speed and power in the backfield in Gil Bartosh and Bobby Jack Floyd.

The Frog's punting will have experience in Bob McFarland and will be backed up by Powell, Doty and McKown.

Graduation has claimed Homer Ludiker, the Frog's specialist on kick-offs, field goals and pointafter-kicks of last year's team. Keith Flowers will do the chores this year with help from Soph Bill Sitton.

Passing, always a big gun in the Frog's offense, will fall on Gil Bartosh and Danny Powell. Powell is an untried Soph up from the freshman team.

Pass-receivers are topped by Willson George, Bob Blair and Teddy Vaught at ends, and backfield men, Medanich and Fowler. There are several fine wing prospects also up from the Wogs.

Overall the Frog secondary is well-rounded and has elements of speed, deception and power, plus the passing which no Dutch Meyer-coached team ever neglects. The line, though a bit heavier, is lacking experience. This is especially true at the tackle posts.

This year, as well as in the past few seasons, Coach Meyer will emphasize speed in the defensive secondary.

For 1951, the Frog team has good manpower and experience in key positions. The development of top passing, and team spark are the major "ifs." Good play selection and generalship are expected from Gil Bartosh, the Granger "Ghost."

Operation from the "T-wing" last fall has been abandoned for the present, while the "Meyerspread" and a revised "double wing" are the prominent formations for launching the offensive attack.

Offensively, Bartosh, backed by Powell, will be the main spring in moving the ball club from the tailback slot. The wings will have a pair of vets in Seniors Johnny Medanich and Bob McFarland on the right side. They are backed by two fine newcomers, Bill Doty and H. C. Knox, a Soph from Graham. On the other side is Malvin Fowler, a big star on the 1949 Wog team who missed last season with a knee injury. The fast squadman Bobby Harding, Sophs Glenn Jones and Danny Hallmark protect the left wing behind Fowler.

For power, Bobby Jack Floyd heads the list of fullbacks that includes Jack Ray, a two year squadman, and big Jim Amburg, a letterman last year. Floyd was fifth in the Conference scoring last season with 48 points.

Wilson George, a senior, and Juniors Teddy Vaught and Bob Clair make the ends strong. Grissett, a converted tailback, has looked good at end. He will operate behind George.

The vacancies left by Captain Marable and Willy Mathis at the tackles will be filled by Tom Evans and Norman Hughes. Soph Morgan Williams and Hubert Parrett will give depth to the spots. Evans and Parrett are shifted from their more accustomed guard positions.

(Continued on Page 37)

COCA-COLA BOTTLING COMPANY of FT. WORTH

SUMMARIZING THE 1951 HORNED FROGS-(Cont'd)

The guard positions again will depend on mobility rather than size. Alton Taylor returns to right guard and Jack Ramsey, 190 pound squadman from Henderson, has moved into Dick Lowe's spot on the other side.

The big 220 pound Carlton McCormack makes the center spot strong with help from vet squadman Bobby McEachern.

Notes of interest show Doug Conaway the heaviest man on the squad at 243 pounds; Marshall Robinson the lightest, 150 pounds; Alton Taylor the oldest at 23 years; the youngest is 17-year-old Bill Sikes; the tallest, Norman Hughes at six-five, and the peewee, Joe Vancil, at five-seven.

The last of the military veterans are gone. The status of the squadmen are reenforced by the ROTC units on the Campus. A breakdown shows 11 in the Naval Reserve, 16 Army Reserves and the Air Force Reserves claims two. There are 7 with deferred classifications, 5 with 1-A classifications and 22 in the units of ROTC.

Coaches Meyer and Martin are exempt from military service. Clark is in the active reserve and inactive reservists are White, Brannon, Roach, Craig and Business Manager - Publicity Director Amos Melton.

On the squad are seven married men. They are Tommy Moorman, Bob Blair, Alton Taylor, Bill Doty, Keith Flowers, Al Burgin and Norman Hughes.

Carrying on the name at TCU is Tommy Moorman, brother of the twins, Bill and Bob, who have completed their careers as athletes. All three, Tommy, Billy and Bobby, gained all-state mention as members of the Odessa High elevens.

A change in policy is in effect this year for the Frog's Captains. In the past Captains for the next season have been elected in the Spring. This year a change was deemed necessary in light of the world situation and the call to military service of some of the players. Each game will have appointed Captains this season, then at the end of the season the Captain and Co-Captain for the season will be elected by the players.

Ever since L. R. Meyer assumed command in 1934, the Frogs have operated primarily from the Warner double wing (with variation). Last year the little veteran tutor came up with his own version of a "T-double wing" set up. Early season operation was from this formation mixed with the "Meyer-spread." With such a run and pass threat that developed in Gil Bartosh, the emphasis was shifted to the spread. This year with Bartosh returning, the emphasis will remain on the spread, with variations of the double and single wing formations likely.

The quick striking, option plays and angle blocking for power plays makes the "Meyer-spread" potent. The success of the spread depends on the tailback as does the "T" depend on the man-under. The Frogs have little Gil Bartosh and agile Danny Powell to handle this slot. Bartosh having experience as a soph behind him is expected to be the war-horse. Expectations are high for Bartosh and barring injury to the "ole knee" should have a great year as a Junior.

For the power work the Frogs will have the "Jumping Jack" Bobby Jack Floyd alongside the tailback. Bobby Jack, after a slow start last season, came into his own about mid-season and was an all-the-way threat whenever he had hold of the pigskin.

Compliments
